

Downloading and Installing FreeMake Video Downloader

Note: Care must be taken as accepting defaults may cause malware issues. Watch the install screens carefully! Only install Freemake, nothing else. These screens are likely to change over time.

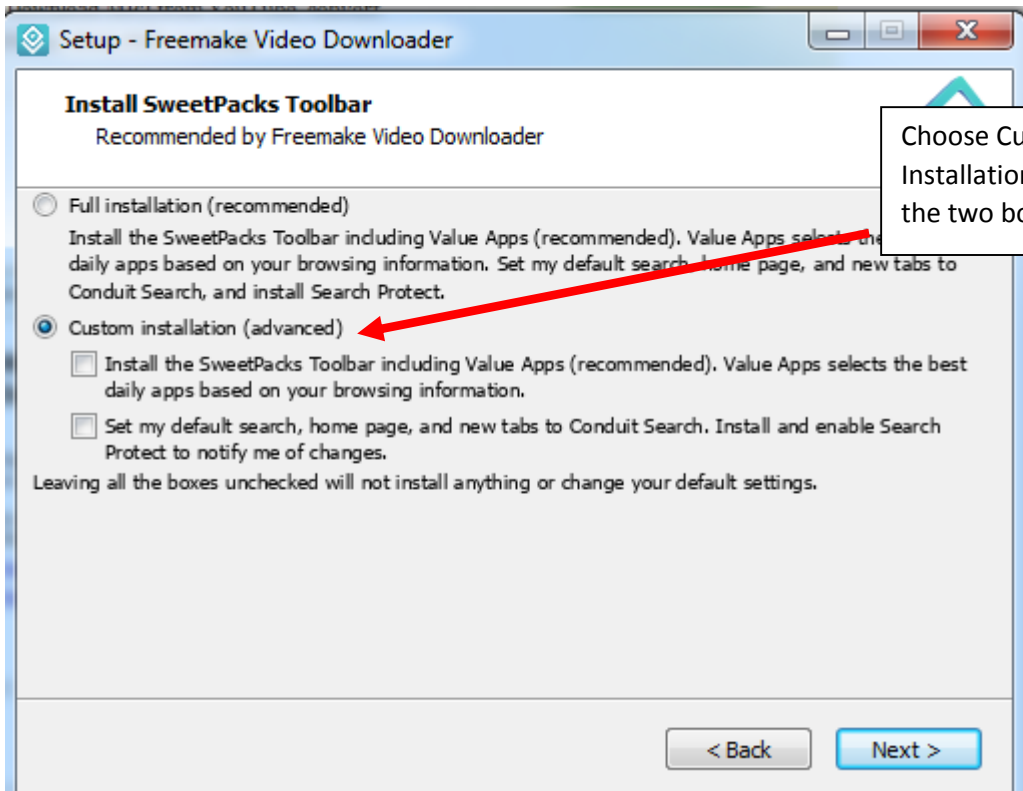

1. Goto http://www.freemake.com/free_video_downloader/. Download the file.

2. Run – Choose English

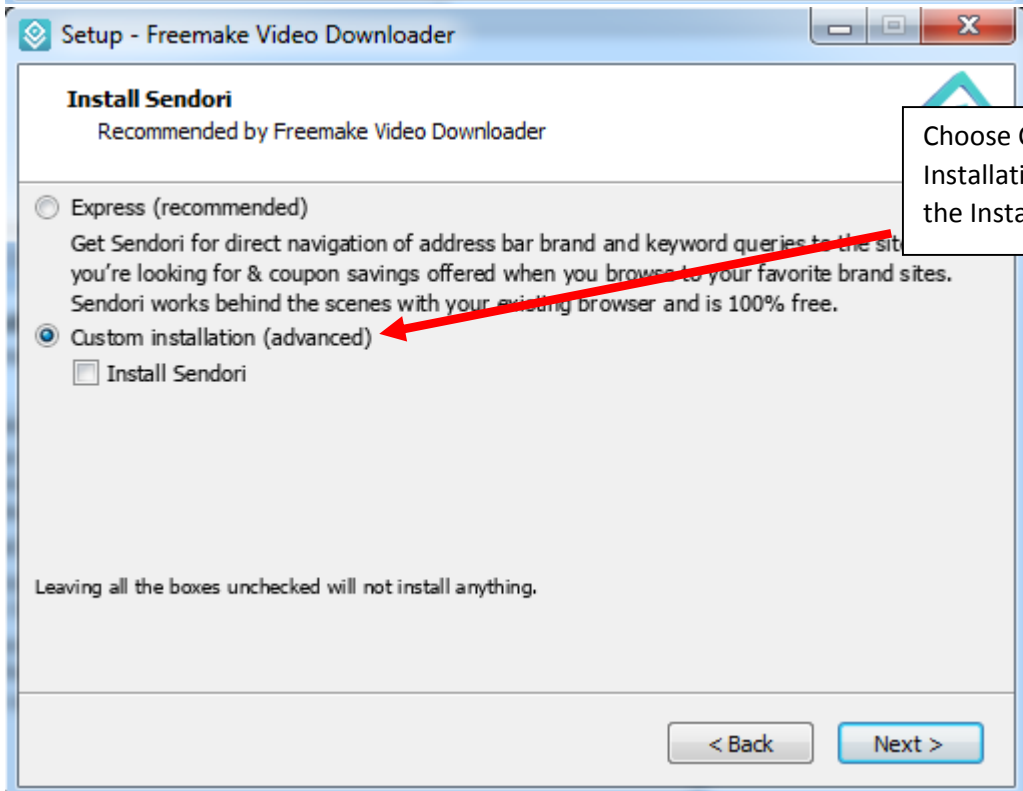

- 3.

Choose Custom Installation. **UNCHECK** the two boxes!

4.

Choose Custom Installation. **UNCHECK** the Install Sendori

5. Do full installation.
